## DROPPED THE CASE

In the Pettis County Probate Court This Morning.

## TOOK IT TO THE CIRCUIT.

An Unexpected Turn in the W. N. Baugh Habeas Corpus Case—What is Claimed.

The W. N. Baugh habeas corpus case took an unexpected turn in the Pettis county probate court this morning when W. D. Steele, for the plaintiff, to the supreme satisfaction of Cashman & Prigmore, attorneys for Mr. and Mrs. Cue, dismissed the writ, and the matter was thus disposed of, so far as that particular court is concerned. The case is possessed of unusual interest, and, reviewed briefly, is as follows:

W. N. Baugh, a stationary engineer of St. Charles, Mo., asked the custody of his 5-year-old daughter, Susie, who was given in adoption by her mother to Mr. and Mrs. Walter C. Cue in 1892. Plaintiff separated from his wife some years ago on account of her intimacy with other men, and on this ground he obtained a decree of divorce in Callaway county two years ago, but the mother was permitted to retain the custody of Susie and three other children.

The divorced wife removed to Sedalia, where she entered upon a life of shame, and the child was then given to Mr. and Mrs. Cue, who adopted her, according to law, although without her father's consent.

When the case was called yesterday, the defense set forth that the deed of adoption was void because the father had not consented to it, and the court was asked to dismiss the writ.

Defendant's attorneys admitted that, as a rule, the father is a child's legal guardian, but alleged that in this case he was not the proper person to so act, as would be shown if given time to obtain testimony at Fulton. The case was then adjourned until this morning, when Judge Hoy announced his intention of granting the defense further time, and Lawyer Steele promptly dismissed the proceeding.

This is not the end, however, as Mr. Steele at once prepared a second petition, addressed to Special Judge B. G. Wilkerson, of the Pettis county circuit court, asking that another writ be granted, and no doubt the merits of the case will be fully entered into before the end is reached.

The little girl in question is an unusually bright and beautiful child, with blue eyes and flaxen curls, and has won the love of all who have seen her at the court house. She is fairly idolized by Mr. and Mrs. Cue, as well as by the remaining members of the family, and they will leave nothing undone to retain the custody of her.

The attorneys for the defense, Messrs. Cashman & Prigmore, had the divorced wife subpoenaed as one of the witnesses for the defense, but they fear that she has been won over to her former husband's side. The claim was made yesterday by Lawyer Cashman that Baugh had been in the woman's company frequently since his arrival in the city, and the belief was expressed that an undue intimacy had existed between them, notwithstanding the decree of divorce.

Defendant's attorneys further alleged that Baugh deserted his wife, and left her for a protracted period with four children to care for, without even contributing so much as a penny to their support, and because of this and other facts, he is not the proper person to have the custody of little Susie, who now has a good home with Mr. and Mrs. Cue.

On the other side, the claim was made that not until the present has the plaintiff been able to provide a home for Susie and his three other children. He is alleged to be an industrious, hard working man, of unblemished character, and will go to the full extent of the law to obtain the custody of the child.

Col. Tracey's Address.

Col. J. P. Tracey, republican candidate for congress in this district, was accorded a very creditable audience in East Sedalia last

night and delivered a calamity speech that was apparently satisfactory to his auditors.

The meeting was called to order by Hon. P. H. Sangree, chairman of the congressional committee, and Mayor Hastain was chosen chairman and introduced Col. Tracey to the audience.

Following Col. Tracey, Hon. Henry Lamm indulged in some circus play that caught the crowd, and the political benediction was pronounced by Hon. Louis Hoffman.

## THE GIANTS WON.

They Took the Fourth Consecutive Game from Baltimore.

The Temple cup has been won by the Giants. Four well contested games have been played for its possession—the final one at the Polo grounds in New York yesterday afternoon.

It is said the receipts for the four games will amount to \$25,000. Of this the Giants will get \$16,000. As the expenses are not very heavy, each of the sixteen New York players will receive as his share nearly \$1,000. The Baltimore will have about \$9,000 to divide up among fourteen players after their expenses are paid.

There were 12,000 people present yesterday. In the sixth inning Van Haltren met with an accident which caused him to retire from the game. He collided with Jennings while trying to steal second base and was knocked unconscious. When he recovered, his nose appeared to be broken, but later it was found to be only an abrasion. On account of darkness, hostilities were ended at the end of the eighth inning, when the score stood 16 to 3 in favor of New York. Score:

New York	1	0	1	3	5	1	5	0	16	20	2
Baltimore	2	0	1	0	0	0	0	0	3	20	5

Batteries—New York, Meekin and Farrell; Baltimore, Hawke, Gleason and Robinson.

## BAD FREIGHT WRECK.

Three Men Killed on the Rock Island at Happy Hollow.

TRENTON, Mo., October 9.—Meager reports reached Trenton at 6 o'clock last evening of a bad freight train wreck on the Rock Island in Iowa, near the town of Seymour.

A west bound fast freight jumped the track at Happy Hollow, a place historical for tragedies of a like nature. Twenty freight cars followed the heavy engine into the gorge, and Engineer Gerald Nolan, Fireman Marshall Lower and Head Brakeman Charles E. Dempsey, all of Trenton, were instantly killed. Conductor Sam Van Hook was injured. All of the dead men have families.

Superintendent White started to the scene of the wreck with a wrecking train and a number of physicians as soon as the news reached Trenton.

## May Get a New Trial.

Eight farmers living in the neighborhood of Thompson station, Audrain county, have filed affidavits to the effect that Joseph Jones, who was one of the jurors in the celebrated George Lewis murder trial at Mexico last week, had on several occasions expressed the opinion that Lewis should be convicted. When Jones qualified as a juror he swore he had never expressed any opinion whatever on the case. Lewis was sentenced to the penitentiary for ten years. It was his fourth trial.

## He Ate Flies.

Alex Smith, the painter, who was seized with drunken delirium after having been locked up yesterday, had to be attended by a physician. He stripped perfectly nude, and then amused himself by catching and eating flies, after which he endeavored to commit suicide by beating his head against the bars. His condition is considerably improved today.

## Lost a Finger Joint.

Forest Hatton, employed in the yards here as an extra switchman, had his right hand caught while making a coupling last night, and the fingers were so badly crushed that the first joint of the middle one had to be amputated.

## A Business Change.

## GOING TO LEAVE.

I. Frensdorf Will Soon Remove to St. Louis.

General regret will be felt by Sedalians of all classes at the announcement made by the DEMOCRAT this afternoon, that Mr. I. Frensdorf, manager of the St. Louis Clothing Co.'s business here for several years past, will leave Sedalia about December 1st for St. St. Louis, where he will make his permanent residence.

Mr. Frensdorf has done exceedingly well from a business standpoint since coming to Sedalia, but he now has an opportunity to become connected with the wholesale clothing house of Baer, Seasingood & Co., of St. Louis, and as it is the

## ANOTHER CANDIDATE.

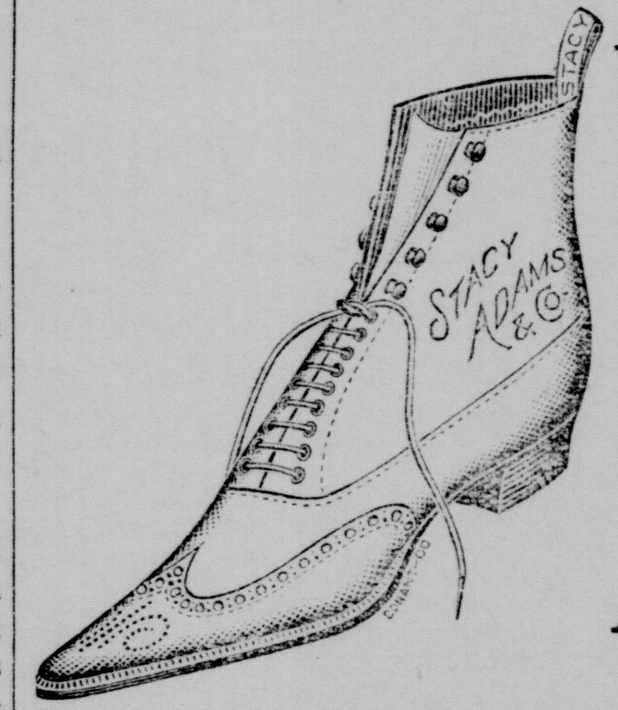

Dr. J. P. H. Gray for the Senate in the Fourteenth District.

N. C. Hickox, deputy revenue collector, was seen this morning and asked if there was anything new in politics.

"Yes," was his quick response, "Dr. J. P. H. Gray, of California, has consented to make the race for the senate in the Fourteenth district."

"Well, what about the doctor?" "He is an old-time democrat, a campaigner from way back, enjoys the confidence and respect of all who know him, and will poll more votes in Moniteau county than any man that I know."

"Can he get the nomination?" "I think he can."

## Charged With Theft.

A warrant was issued today for the arrest of Bob Henderson, colored, formerly employed as a press feeder in the local printing offices, charging him with the theft of a \$65 baritone horn from the colored band.

Bob left last night for Kansas City. He has a mania for the stage, it is said, and as he was unable to obtain an engagement as a member of the band without owning his own instrument, it is charged that he appropriated the one in question.

## MOVING THE TROOPS.

Other Commands to Pass Through Sedalia.

## EN ROUTE TO NEW YORK.

Uncle Sam is Concentrating His Armies and Hopes to Save Large Expense.

A train load of soldiers from the far west passed through Sedalia over the Missouri Pacific last week for Jefferson barracks, and within the next few weeks other commands will also pass east over the Missouri Pacific, which company was recently awarded the contract, a majority of them being destined for New York.

People have wondered what this all portended, and why the troops of the regular army were thus being marshaled. It is the result of the recent order issued by the war department. The order is far-reaching in importance. It is in pursuance of the policy of concentration of the troops and the doing away of the smaller posts. No order has been issued in recent times which has attracted greater notice in military and civilian circles than the one in question. To officers and men of the army it is important, and to civilians interesting.

As might be expected in a big change of troops such as has been made, considerable opposition to its enforcement has arisen in sections of the country which lose troops and posts, and during the past few days officials of the war department have received numerous letters and telegrams vigorously protesting against the programme being carried out. Protests of the kind will be unavailing, however. Before ordering the movements Secretary Lamont and General Schofield fully considered the importance and effect of the changes, and while localities may suffer, the army at large and the country will be benefited. It is authoritatively stated that the war department officials will not modify the order.

The recent strike in the west and the importance of the troops being stationed in large numbers at convenient points where disorder may be expected in the future entered materially into the considerations of the authorities in determining upon the provisions of the order. The decrease in the cost of maintaining the troops when concentrated, rather than when widely separated as now, also entered into official calculations.

The changes made have been favored by General Schofield for some time. To several secretaries of war he has repeatedly recommended the adoption of a plan similar to that now put in force. On each occasion, heretofore, the head of the war department has found objections to the plan and finally neglected to carry it out.

Secretary Lamont having become persuaded that the programme was a wise one, approved it. In fact, the secretary went further than the recommendations made, and himself designated certain additional changes, under the belief that the movements were advisable from a military point of view.

Concerning the change at Leavenworth, the present commanding general has never favored the idea of having several large bodies of troops of different regiments at that post. The old policy has been regarded by General Schofield as unwise and the new programme is in accord with his repeated recommendations. Whatever advantages accrue to troops by being at this point will hereafter be derived by regiments, not detachments of several such organizations.

It is well known that the commanding general favors the policy of concentration, and it is safe to say that when the funds will warrant further activity in this direction he will urge it being taken in pursuance of this programme. General Schofield has said that several regiments should have a change of base, for various good reasons, and he will advise the contemplated changes at the earliest practicable date.

The big expense will be the outlay for transportation, but once the movement is completed economy in that and in other directions will follow, and hereafter, of course,

## COCHRAN WILL RETIRE.

He Will Not be a Candidate for Renomination.

NEW YORK, Oct. 8.—The World of today says Congressman Burke Cochran will not be a candidate for renomination. He announced his determination to Mayor Gilroy and said: "My private affairs have been sadly neglected for the past year, and I feel it incumbent on me to decline a nomination. Until election day, however, I shall have no other occupation than that of laboring with all the energy at my command for the election of David B. Hill and the preservation of the democratic party in this state."

There has been no candidate decided upon to succeed Mr. Cochran.

Gov. McKINLEY will never be president. He talks too much, particularly through his hat.

The tormenting thing to the republican political managers just now is the business revival, and they are doing their best to postpone it.

SENATOR GEROGE G. VEST will speak at Boonville tomorrow (Wednesday) and a big crowd will be in attendance. Democracy has no more valliant champion nor truer exponent.

The hard times in this country came on as under the McKinley bill and are disappearing under the new tariff. Do the people of the country desire to try another experiment with protection?

The republican candidates for prosecuting attorney, sheriff and constable may well exclaim, as they read the Gazette's eloquent articles on certain kinds of lawlessness, "Save us from our friends!"

The negro voters are kicking because the party to which they belong ignored them completely in choosing judges and clerks of election. But the republican managers pay little heed to the kicks as long as they feel that they can count on the votes of the kickers.

The Gazette's only chance to acquit its favorites of the charges it has brought against them through its indictment of the police is to dismiss as to the latter. It cannot convict the one without the other, and incidentally punching a hole in its own reputation as a reformer.

THE DEMOCRAT entertains the most kindly feeling for its esteemed morning contemporary, but really we cannot consent to even attempt to help it prove that when "violations of law are open and notorious" county officials are to be com-

mended and supported and the police condemned, when each is equally responsible for permitting such things to exist. As long as the Gazette continues to fire at the target, as a sort of voluntary referee the DEMOCRAT must truthfully call the shots, no matter who is hit.

ANOTHER GRIEVANCE.

The negro republican voters—and by the way they constitute quite an element in the voting strength of that party in this county—have another grievance, which is thus set forth by the Internationalist, a paper representing the negro race, edited by negroes and which supports the republican ticket:

Our county court has designated the judges and clerks for the approaching fall election—democrats and republicans. But in all the list not one single negro's name appears. What does this mean? Not a negro in Pettis county fit to be a judge or clerk of election? We are surprised. How many members of the county court profess to be republicans? The judges of our county court ought to visit Sedalia and get acquainted with our citizens. They are expected to come to the city once in a while even if they are farmers. They must learn something about city affairs if they do live out in the country.

The grievance, if just at all, is not well taken as against the county court.

While the court appoints the judges they are selected by the political committees, each of which presents to the court the names of such persons as they desire shall represent their party as election officers, and the court appoints as requested.

When the republican committee made its recommendation, of course the court could not say to that party that it must select negroes to represent it.

The grievance is against the republican managers, not against the court.

As nine-tenths of the negro voters are republicans, they have only themselves to blame if they are ignored. They have the power to make their votes felt, but so long as they walk blindly up to the polls and vote solidly for any party they are not likely to be consulted about anything.

The republican managers feel that they have the negro vote solid anyhow, and they are not going to waste time in consulting it.

The only way for the negroes to secure the recognition their members' and party fidelity entitle them to at the hands of their party is to teach that party by experience how badly it needs their votes on election day.

They had no place on the republican city ticket, no place on the county ticket and not even representation in their party representatives on election day. And yet without their votes not a single republican city or county official could hope to be selected.

Ellis Jackson, a prominent contractor of Carthage, is missing, and no trace of him is obtainable. He formerly lived in Wichita, but removed to Carthage about five years ago and has been successful there, having at present contracts at that place and Peirce City, where he is building two new banks. A week ago he went with excursionists to Kansas City to see the fall parade, meaning to return Wednesday. So far nothing has been heard of him.

## A DECIDED SENSATION.

Arrest of Prominent People for Illicit Cohabitation.

A decided sensation was caused at Carthage yesterday by the arrest of Mrs. Gill, of Sarcoxie, and Dr. Stofer, of Nebraska, charged with illicit cohabitation.

Mrs. Gill is the wife of the leading druggist of Sarcoxie, is handsome, stylish, and has been a social favorite there. She is the mother of several children and up to this time their home has been a happy one.

Dr. Stofer's wife is a sister of Mrs. Gill and the doctor has been in that vicinity for several weeks with a view to locating, and taking his wife and children there. While visiting at the home of Mr. and Mrs. Gill, the doctor decided to go to Carthage to receive treatment for throat trouble and Mrs. Gill found her eyes troubling her so badly she decided to go also. They have been there since last Monday taking daily treatment from a massage doctor.

Mrs. Gill spent her nights at the home of her brother, George P. Cunningham, the real estate agent, but was with her brother-in-law, Dr. Stofer, almost constantly during the day and evening.

Dr. Stofer had a room in the Senett flats. The doctor, it is said, referred to the woman as his wife, but the true facts being learned by families living in the flats, complaint was made and the pair arrested.

When arraigned in court Mrs. Gill gave her name as Ada B. Gill, but the doctor gave his as George B. Glover. Both were terribly excited and mortified over the arrest. They were released on \$200 bail, Geo. P. Cunningham signing the bond. They departed for Sarcoxie on the evening train.

## CORBETT IS COMING.

Will Be in Sedalia Saturday, October 20th.

## AFRAID OF FITZSIMMONS.

Jack McAuliffe Thinks "Lanky Bob" Will Whip "Gentleman James."

Heavy Weight World's Champion James J. Corbett is booked to appear at the opera house here October 20, matinee and night, in his play of "Gentleman Jack."

In this connection it is not out of place to state that among those who believe that Fitzsimmons will defeat Corbett is Jack McAuliffe, the light-weight champion.

"If they fight," said McAuliffe, "and I am afraid they won't, I will have a good bet down on Fitz, if I can get 10 to 7 for my money. Fitz is a dangerous fellow, being just as clever as Corbett, and I believe he can hit a much harder blow. Corbett will probably try to rush him at the start, but after Fitz lands a couple of good blows Jim will keep away. Corbett has frequently said that if he could not win a fight he always fought for a draw, and got it. That's exactly what he'll try to do with Fitz, but the latter may succeed in landing a knockout blow."

"It will be a great fight, and I would not miss it for a fortune. But I tell you candidly, I don't think Corbett wants to fight. I speak from my knowledge of the man, and because of something that happened a few years ago."

"At the time I speak of, Otto Flotto was managing Corbett, and he thought money could be made by arranging a limited bout between James J. and Fitzsimmons. He talked to Fitz about it, and he accepted. Corbett was in New York at the time, if I remember correctly, and Flotto wired him of Fitz' acceptance. Jim's answer came at once, and was: 'Not on your life.'"

"Corbett has never relished the idea of meeting Fitzsimmons. He believes the lanky fellow to be a great fighter, and that's the reason I have my misgivings about the match. Corbett's plan of putting the fight off until July adds to this impression. It is terribly hot in New Orleans then, and but few people would care to take the trip. And I hardly think the Olympic Club will care to guarantee a purse of \$25,000 to fight for in that month. If Corbett really wants to fight Fitz he should agree to meet him in February, when he knows the contest can surely take place."

## BART CARTER GUILTY.

Convicted of Murder in the First Degree.

WEST PLAINS, Mo., Oct. 9.—Bart Carter's trial for complicity in the Hunter Wilson murder in Baxter county, Arkansas, last December, has ended at Mountain Home.

Carter was found guilty of murder in the first degree, but it is believed his sentence will be commuted to imprisonment for life in the penitentiary, as he turned state's evidence when first arrested and implicated Anderson Carter and Jasper Newton, who were shot down in their cell by a mob in February.

## Dr. Sonneschein Resigns.

Rabbi S. H. Sonneschein, well known in Sedalia, and who has been pastor of the Ohabai Shalome congregation of San Francisco, has resigned his charge, owing, it is said, to the fact that the doctor is too progressive for his orthodox congregation. Dr. Sonneschein was for many years the rabbi of Temple Israel in St. Louis, and left there some time ago. He lectured

## YOUNG SPIRITS,

a vigorous body and robust strength, follow good health. But all fail when the vital powers are weakened. Nervous debility and loss of manly power result from bad habits, contracted by the young through ignorance of their ruinous consequences. Low spirits, melancholia, impaired memory, morose, or irritable temper, fear of impending calamity and a thousand and one derangements of body and mind, result from such pernicious practices. All these are permanently cured by improved methods of treatment without the patient leaving home.

A medical treatise written in plain but chaste language, treating of the nature, symptoms and curability of such diseases, sent securely sealed in a plain envelope, on receipt of this notice, with 10 cents in stamps, for postage. Address, World's Dispensary Medical Association, Buffalo, N. Y.

in the Synagogue in San Francisco and was then chosen rabbi. The cause of the present trouble is said to be because Dr. Sonneschein did not want to hold two days' service for the observance of the Jewish New Year and the congregation preferred to do so.

To you that we give away FIFTY DOLLAR in United States Currency to the lucky owner who gets the right key.

The TAG, and KEY, and the BOX—its very simple—way of a novel advertisement—its our aim to keep ourselves before the public and keep our establishment, which is located on the corner of Second and Ohio streets, constantly before you and with you.

The Tag and Key story is just this: We had made a simple wooden box with a glass front; this box contains the \$50.00—only one key out of the Five Thousand keys will unlock the box.

This box was locked by a committee of citizens consisting of Judge Dalby, Ed. Burrows, A. C. Baldwin, J. A. Wrong, Mr. Richey and others, and the only key which unlocks the box was then mixed up with the other 4,999, by the above committee.

Every purchaser of Fifty Cents and upwards will be presented with a key and tag, from now until the 26th of December, and the lucky owner of the right key will unlock the box and take the Fifty Dollars. That's all.

COME AND SEE THE BOX, KEY AND TAG.

## RAILROAD RUMBLE.

Martin L. Clardy's Appointment Well Received.

## FIREMEN ARE IN SESSION.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

The DEMOCRAT yesterday announced the appointment of Martin L. Clardy as general attorney for the Missouri Pacific, vice H. S. Priest, resigned, and the St. Louis Republic of this morning had the following:

Mr. Clardy has been connected with the legal department of the Missouri Pacific for about three years, during the greater part of which period he has had charge of the Iron Mountain's business. Before that he was for eight years the representative in congress of the district originally known as the First Missouri, and later on as the Tenth—comprising South St. Louis and the counties of St. Louis, Jefferson, Washington, Ste. Genevieve, Madison and St. Francois. He was elected as a democrat in 1878, 1880, 1882, 1884 and 1886, but was defeated in 1888 by W. M. Kinsey. He then retired permanently from politics, and devoted himself to the practice of his profession.

During his connection with the Missouri Pacific Mr. Clardy has made himself extremely popular with officials and employees of all grades, and his promotion was received yesterday with the greatest satisfaction. He is not only an efficient and hard-working official, but a man of great tact, who manages to make friends for himself and the company even under the most adverse circumstances. Employees along the line of the Iron Mountain are, and have been for years, his devoted friends.

Various attempts were made to force political consideration upon Mr. Cochran, who held the appointing power, but that gentleman insisted upon regarding the matter as a business affair in which politics had no part. In this view Mr. Warner coincided, and Mr. Clardy's appointment is due solely to a recognition of his ability and an appreciation of his efforts on the company's behalf. The salary attached to the general attorneyship is \$8,000 a year.

## Missouri Pacific Firemen.

Two men who give their names as William Martin and Jack Robinson are in jail at Springfield, Mo., charged with planning a holdup on the Kansas City, Fort Scott and Memphis railway. The officers got a tip Sunday and all trains were guarded. Yesterday morning the two men arrested were found near the track heavily armed, a few miles from the city. They claimed to have been hunting. It is thought there were a good many others in the gang.
